AMERICA

*A*MERICA is a people — united by a common belief in every man's right to freedom.

AMERICA is an ideal — the ideal of liberty for all, bred into our blood and nurtured by the air we breathe.

AMERICA is a dream — a dream of a nation in which everyone will have the opportunity to work, to play, to learn, to laugh, to live.

AMERICA is a promise — a promise of what may someday be true for all mankind. It is the promise of what man may do when he is free — what intelligence and ingenuity may accomplish when all men have learned to live together in peace and with respect for one another's rights.
